**Pintle Pins**

**Lippert International** has a large variety of pintle pin materials in different types and diameters. Making it easier for you to order pintle pins custom made for your unique applications. We will also hold your material on consignment for pintle pin construction upon request.

Our pintle pins are currently being used in many different applications including:
1. Paper Machine Clothing (Dryer Fabrics and Wet Press Felts)
2. Light Duty Industrial Conveyor Belts
3. Food Processing and Packaging Belts
4. Filtration and Corrugated Belts
5. Teflon Roofing
6. And other types of Conveyor Belts

With many years of experience we have developed different types of pintle pin connections for different seaming situations. Monostrand, Multistrand, Split, Total Split, Reduced, Tail, Needle and Rectangular are a few of the models available for your specific needs.

Please contact one of our representatives today for more information.
