

SELECTION GUIDE (SPIRAL LACE)

Webbing						Spiral & Pintle				
Composition	Width (mm)	W. Type	Thickness	W. Color	Coating	Size	S. Type	Color	Pintle Material	
PM	50	S	T	W	0	-	70	Z	W	P
Composition	PM = Polyester Multifil									
	PX = Polyester Extra Stength (TWISTER)									
Webbing Type	S = Single Ply									
	D = Double Ply									
Thickness	R = Regular									
	P = Regular Plus									
	T = Thick									
	E = Extra Thick									
	H = Heavy Thickness									
	X = X-tra Heavy Thickness									
Webbing Color	W = White									
	B = Black									
	U = Blue & White Mix									
Coating	0 = No Coating									
	1 = Pre-Coated (one side only)									
	2 = Pre-Coated									
Spiral Size	0.55mm									
	0.70mm									
	0.90mm									
Spiral Type	R = Regular									
	Z = Zippert Locking System									
Spiral Color	W = White									
	B = Black									
	U = Blue									
Pintle Mat.	P = Polyester									
	K = PEEK									
	N = Nylon
