

# Inserting Device

At Lippert International, our primary goal is to help to make your job easier.

It is for this reason that our engineering staff has developed the inserting device, allowing you to easily insert the pintlepin into the spirals of the felts, fabric and conveyors at an improved speed and precision.

You will appreciate the multiple advantages and characteristics of the inserting device.

1. Easy to use.
2. Avoids damages to the pintlepin.
3. Increases the speed of pintlepin installation
4. Automatic lubricating system
5. Swivel and adjustable claw
6. Adapts to our plastic reel.
7. Ergonomic design
8. Solid and efficient conception
9. Attaching system to the felt / conveyor
10. Light, compact and strong

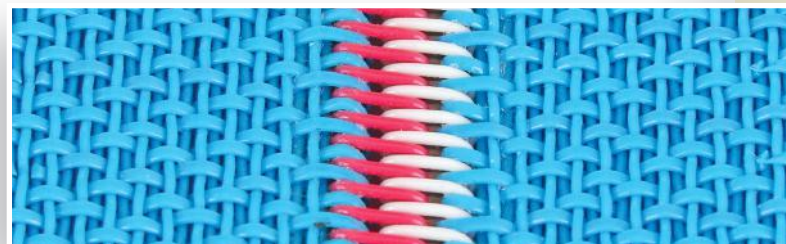

**Inquire about our inserting device; you will receive only benefits.**

Contact us at any time. It is always a pleasure to discuss any projects or help to explain any of our products and services that would adapt to your projects.
